PRODUCT CATALOGUE

COMPLETE ENGINEERING & SUPPLY SOLUTIONS FOR WATER, WASTEWATER, INDUSTRIAL & INFRASTRUCTURE PROJECTS

Genoasis Technologies is a leading engineering and supply company providing high quality products, systems and solutions for water treatment, wastewater treatment, industrial processes, automation, chemical treatment, pumping, electrical and infrastructure applications.

TECHNICAL EXPERTISE
15+ Years Engineering
Experience

GLOBAL SOURCING
Quality Products from
Trusted Manufacturers

COMPETITIVE PRICING
Cost Effective Solutions
for Better Performance

ENGINEERING SUPPORT

Application Assistance

FAST DELIVERY
Timely Delivery Across
GCC & Africa

AFTER SALES SUPPORT
AMC, Spare Parts &
Technical Assistance

WATER TREATMENT CONSUMABLES & SPARES

- Filter Cartridges & Housings
- RO, UF & NF Membranes
- Pressure Vessels
- UV & Ozone Systems
- Bag Filters & Accessories

RO & COOLING WATER CHEMICALS

- RO Antiscalants
- Membrane Cleaning Chemicals
- Cooling Water Treatment Chemicals
- Wastewater Treatment Chemicals
- Membrane Preservation Chemicals

STP & ETP BIOLOGICAL MEDIA

- MBBR Media
- Biochip Media
- Soft Media
- Tubular Media
- Trickling Filter Media
- Lamella & Tube Settler Media
- Diffusers & Aeration Systems

PNEUMATIC & AUTOMATION COMPONENTS

- Pneumatic Cylinders
- Solenoid Valves
- FRL Units
- Sensors & Switches
- Pneumatic Fittings & Tubing
- PLCs & Controllers
- Automation Accessories

SLUDGE DEWATERING & INDUSTRIAL PUMPING SOLUTIONS

- Odour Control Systems
- Filter Press Systems
- AODD Pumps
- Screw Pumps
- Centrifugal Pumps
- Submersible Pumps

ELECTRICAL & INDUSTRIAL SUPPLY SOLUTIONS

- Power Cables & Control Cables
- MCCB, ACB & Circuit Breakers
- Control Panels & Switchgear
- Cable Trays & Accessories
- Industrial Electrical Components

INDUSTRIES WE SERVE

WATER &
WASTEWATER

INDUSTRIAL
PLANTS

FOOD &
BEVERAGE

PHARMACEUTICAL

OIL & GAS

POWER

CHEMICAL
INDUSTRY

MINING &
MINERALS

MARINE &
AQUACULTURE

INFRASTRUCTURE &
UTILITIES

WHY CHOOSE GENOASIS?

- ✓ Complete Product Portfolio
- ✓ Customized Engineering Solutions
- ✓ Competitive Pricing
- ✓ Reliable & On-Time Delivery
- ✓ Technical Product Support
- ✓ Long Service Life & High Performance
- ✓ AMC & Spare Parts Availability
- ✓ Trusted by Industries Across GCC & Africa

FAST DELIVERY
Timely Delivery Across
GCC & Africa

OUR PRODUCT RANGE

1. AIR PREPARATION (FRL)

- Filter Regulators
- Lubricators
- Air Filters
- Pressure Regulators
- FRL Combination Units

2. PNEUMATIC ACTUATORS

- Standard Cylinders
- Compact Cylinders
- Guided Cylinders
- Rodless Cylinders
- Rotary Actuators

3. DIRECTION CONTROL VALVES

- 3/2 Way Valves
- 5/2 Way Valves
- Solenoid Valves
- Manual & Mechanical Valves
- Namur Valves

4. PNEUMATIC FITTINGS & TUBING

- Push-in Fittings
- Brass & SS Fittings
- One Touch Fittings
- PU, Nylon & PTFE Tubing
- Silencers & Mufflers

5. AIR CONTROL COMPONENTS

- Flow Control Valves
- Quick Exhaust Valves
- Check Valves
- Shuttle Valves
- Pressure Switches

6. SOLENOID COILS & CONNECTORS

- Solenoid Coils (AC/DC)
- DIN Connectors
- LED Connectors
- Coil with Connector
- Spare Coils

7. VACUUM COMPONENTS

- Vacuum Cups
- Vacuum Generators (Ejectors)
- Vacuum Filters
- Vacuum Regulators
- Vacuum Switches

8. SENSORS & SWITCHES

- Proximity Sensors (Inductive & Capacitive)
- Photoelectric Sensors
- Limit Switches
- Pressure Switches
- Magnetic Reed Switches

9. PNEUMATIC ACCESSORIES

- Cylinder Mountings & Brackets
- Speed Controllers
- Silencers & Mufflers
- Pressure Gauges
- Air Guns & Blow Guns

10. AUTOMATION COMPONENTS

- PLCs & Controllers
- Relays & Interface Modules
- Timers & Counters
- Signal Conditioners
- HMI & Operator Panels

KEY BENEFITS

- ✓ High Quality & Long Service Life
- ✓ Reliable Performance in Harsh Conditions
- ✓ Energy Efficient & Cost Effective
- ✓ Wide Range for All Industrial Needs
- ✓ Easy Installation & Maintenance
- ✓ Consistent Availability

IDEAL FOR APPLICATIONS

**WATER &
WASTEWATER PLANTS**

**CHEMICAL &
PROCESS INDUSTRY**

**PHARMACEUTICAL
INDUSTRY**

**FOOD & BEVERAGE
INDUSTRY**

POWER PLANTS

**AUTOMATION &
MACHINERY**

WHY CHOOSE GENOASIS?

- ✓ Trusted Brands & Genuine Products
- ✓ Application Based Product Selection
- ✓ Technical Support from Experts
- ✓ Competitive Pricing
- ✓ Timely Delivery Across GCC & Africa

FAST DELIVERY
Timely Delivery Across
GCC & Africa

OUR PRODUCT RANGE

1. ODOUR CONTROL SYSTEM

- Effective Odour Removal
- Corrosion Resistant Design
- Low Maintenance
- Advanced Chemical Scrubbing
- Customizable Solutions

Applications:
STP, ETP, Pump Stations,
Industrial Plants

2. FILTER PRESS

- High Dewatering Efficiency
- Low Moisture Content
- Reliable & Durable
- Easy Operation
- Low Operating Cost

Applications:
Sewage Sludge, Industrial Sludge,
Chemical Sludge, Mining Sludge

3. AODD PUMP (AIR OPERATED DOUBLE DIAPHRAGM)

- Self Priming
- Run Dry Capability
- Handles Viscous Fluids
- Chemical Compatible
- Easy Maintenance

Applications:
Sludge Transfer, Chemical Dosing,
Slurry Handling, General Industry

4. SCREW PUMP

- Smooth & Pulsation Free Flow
- High Viscosity Handling
- Consistent Performance
- Compact & Robust Design
- Low Shear Pumping

Applications:
Sludge Transfer, Polymer Dosing,
Oil & Grease, Thickened Sludge

5. CENTRIFUGAL PUMPS

- High Efficiency
- Wide Flow & Head Range
- Robust Construction
- Easy Maintenance
- Continuous Operation

Applications:
Raw Water, Process Water,
Effluent, Clean Water Transfer

6. SUBMERSIBLE PUMPS

- Dewatering & Sewage
- High Solids Handling
- Heavy Duty Performance
- Compact & Portable
- Auto / Manual Operation

Applications:
Sewage, Sludge, Sump,
Drainage, Effluent

IDEAL FOR APPLICATIONS

Municipal STP & ETP

Pulp & Paper Industry

Industrial Wastewater

Oil & Gas Industry

Food & Beverage Industry

Power Plants

Chemical & Pharma Industry

Mining & Minerals

KEY BENEFITS

- ✓ High Dewatering Efficiency
- ✓ Reduced Sludge Volume & Cost
- ✓ Lower Polymer & Energy Consumption
- ✓ Compact Design & Easy Operation
- ✓ Long Equipment Life
- ✓ Improved Process Reliability

FAST DELIVERY
Timely Delivery Across
GCC & Africa

OUR PRODUCT RANGE

1. RO ANTISCALANTS

- General Purpose Antiscalants
- High Silica Antiscalants
- Seawater RO Antiscalants
- Brackish Water Antiscalants
- Low pH Antiscalants
- Wide pH Stable Antiscalants

Benefits: Prevents scale formation, controls fouling and extends membrane life.

2. RO CLEANING CHEMICALS

- ACID CLEANERS**
- Low pH Cleaners
 - Descaling Cleaners
 - Inorganic Scale Removers
- ALKALINE CLEANERS**
- High pH Cleaners
 - Organic Fouling Removers
 - Biofouling Cleaners

Benefits: Efficient removal of scale, organics, biofilm and extends cleaning intervals.

3. MEMBRANE CARE CHEMICALS

- Membrane Preservatives
- Membrane Soaking Agents
- Biocides (Non-oxidizing)
- Dechlorination Chemicals
- pH Adjusters (Acid / Alkali)

Benefits: Protects membranes during shutdown, storage and operation.

4. COOLING WATER CHEMICALS

- Scale Inhibitors
- Corrosion Inhibitors
- Biocides
- Biodispersants
- Sludge Conditioners
- pH Control Chemicals

Benefits: Prevents scale, corrosion & microbiological growth in cooling systems.

5. WASTEWATER CHEMICALS

- Coagulants
- Flocculants
- Defoamers
- pH Adjusters
- Odor Control Chemicals

Benefits: Improves treatment efficiency, clarification and sludge handling.

KEY BENEFITS

- ✓ Enhanced System Efficiency
- ✓ Protects Equipment & Membranes
- ✓ Reduces Scaling & Fouling
- ✓ Lower Chemical Consumption
- ✓ Reduced Downtime & Maintenance
- ✓ Cost Effective Operation
- ✓ Improved Water Quality

IDEAL FOR APPLICATIONS

Reverse Osmosis
Systems

Cooling Towers

Boiler Feed
Water Systems

Industrial Water
Circuits

Wastewater
Treatment Plants

WHY CHOOSE GENOASIS CHEMICALS?

- ✓ High Quality & Performance Driven Formulations
- ✓ Compatible with All Major Water Treatment Systems
- ✓ Tailored Chemical Solutions for Your Process
- ✓ Technical Support for Dosing & Optimization
- ✓ Reliable Supply Across GCC & Africa

STP & ETP BIOLOGICAL MEDIA

High Performance Media for Enhanced
Biological Treatment Efficiency

- ✓ High Surface Area for Maximum Biofilm Growth
- ✓ Excellent Oxygen Transfer & Mixing
- ✓ Low Energy Consumption
- ✓ Long Service Life & Low Maintenance
- ✓ Chemical, UV & Corrosion Resistant
- ✓ Cost Effective & Reliable Performance

1. MBBR MEDIA (VIRGIN HDPE)

- Developed for high biofilm growth and stability
- High specific surface area for better treatment
- Excellent oxygen transfer & mixing
- Low density for good suspension
- UV, chemical & corrosion resistant
- Long service life with low replacement cost

2. BIOCHIP MEDIA (HDPE)

- Innovative biochip design for maximum surface area
- Strong & durable for high mechanical strength
- Promotes dense biofilm development
- High void ratio for better flow distribution
- Lightweight & easy to install
- Ideal for high load & compact systems

3. SOFT MEDIA

- High surface area with flexible structure
- Excellent oxygen transfer efficiency
- Low maintenance & easy handling
- High biofilm retention and growth
- Suitable for retrofitting & upgrade
- Long service life

4. TUBULAR MEDIA

- Large surface area for biofilm growth
- High biofilm retention capability
- Low head loss & high porosity
- Energy efficient & durable
- Chemical & corrosion resistant
- Suitable for various ETP/STP systems

5. TRICKLING FILTER MEDIA

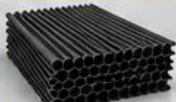

- High void ratio structure
- Strong & long lasting
- Clog resistant & self cleaning
- UV & chemical resistant
- Excellent for trickling filter systems
- Low maintenance

6. CLARIFICATION MEDIA

- TUBE SETTLER MEDIA**
- High settling efficiency
 - Increases capacity
 - Saves space
 - Easy to install & maintain

- LAMELLA MODULES**
- High solids removal
 - Corrosion resistant
 - Long service life
 - Low maintenance

7. AERATION SYSTEMS & DIFFUSERS

- FINE BUBBLE
DISC DIFFUSER**
- High oxygen transfer
 - Fine bubble
 - Energy saving
 - EPDM membrane

- FINE BUBBLE
TUBE DIFFUSER**
- Uniform bubble
 - High efficiency
 - Low pressure drop
 - Long membrane life

- COARSE BUBBLE
DIFFUSER**
- High air flow
 - Robust construction
 - Easy to install
 - Low maintenance

8. ADDITIONAL MEDIA

- BALL MEDIA**
- High void ratio
 - Self cleaning
 - High biofilm growth
 - Low head loss

- BIO MEDIA**
- High surface area
 - High porosity
 - High strength
 - Long service life

KEY BENEFITS

- ✓ Enhanced Biological Treatment Efficiency
- ✓ High Surface Area for Maximum Biofilm Growth
- ✓ Improved Oxygen Transfer & Mixing
- ✓ Low Energy Consumption
- ✓ Corrosion & Chemical Resistant
- ✓ Long Service Life & Low Maintenance
- ✓ Cost Effective & Reliable Performance

IDEAL FOR APPLICATIONS

**SEWAGE
TREATMENT PLANTS**

**INDUSTRIAL
WASTEWATER
TREATMENT**

**EFFLUENT
TREATMENT PLANTS**

**AQUACULTURE
SYSTEMS**

**BIOLOGICAL
UPGRADATION**

ENGINEERING SUPPORT & SERVICES

- ✓ Selection of Right Media for Your Process
- ✓ Media Sizing & Loading Calculation
- ✓ Oxygen Transfer & Performance Analysis
- ✓ Retrofit & Upgradation Solutions
- ✓ On-site Technical Assistance
- ✓ After Sales Support

NEED HELP SELECTING THE RIGHT MEDIA?

Talk to our engineers for the best solution
for your STP/ETP requirements.

FAST DELIVERY
Timely Delivery Across
GCC & Africa

OUR PRODUCT RANGE

1. FILTRATION CONSUMABLES

- PP Filter Cartridges
- String Wound Filters
- Pleated Filter Cartridges
- Activated Carbon Cartridges
- Spun Bonded Cartridges

2. FILTER HOUSINGS

- SS Cartridge Housings
- PP Cartridge Housings
- Bag Filter Housings
- Multi Cartridge Housings
- High Flow Housings

3. MEMBRANES

- RO Membranes (All Brands)
- UF Membranes
- NF Membranes
- High Rejection Membranes
- Specialty Membranes

4. FRP PRESSURE VESSELS & SYSTEMS

- FRP Pressure Vessels (All Sizes)
- Multimedia Filter Vessels
- Carbon Filter Vessels
- Water Softener Vessels
- Custom Built Systems

5. BAG FILTERS & ACCESSORIES

- Filter Bags (PP, PE, NMO)
- Bag Filter Housings
- Support Baskets & Cages
- Sealing Rings & Accessories
- Replacement Parts

6. DISINFECTION & UV SYSTEMS

- UV Disinfection Systems
- UV Lamps & Quartz Sleeves
- Accessories & Spares

7. OZONE GENERATOR SYSTEMS

- Ozone Generators (1 - 100 g/hr+)
- Ozone Contactors
- Ozone Diffusers & Accessories
- Dissolved Ozone Monitoring
- Complete Ozone Systems

APPLICATIONS

- Municipal Water Treatment Plants
- Industrial Water Treatment Systems
- Reverse Osmosis (RO) Systems
- Boiler Feed Water Treatment
- Cooling Water Systems
- Wastewater Treatment Plants
- Food & Beverage Industry
- Pharmaceutical Industry
- Oil & Gas Industry
- Power Plants

WHY CHOOSE GENOASIS?

- ✓ Genuine Products from Trusted Brands
- ✓ Technical Guidance for Product Selection
- ✓ Custom Solutions for Your Applications
- ✓ Cost Effective & Reliable Supply
- ✓ After Sales Support & Spare Availability

COMPLETE SOLUTIONS UNDER ONE ROOF

From pre-treatment to post-treatment, we supply complete range of consumables and spares to keep your water treatment systems running at peak performance.

VALUE ADDED SERVICES

PRODUCT SELECTION
Right product
recommendation based
on your process needs.

SYSTEM DESIGN SUPPORT
Supporting you with
design, sizing and
technical data.

REPLACEMENT & AMC SUPPORT
Timely replacement and
AMC support for
uninterrupted operations.

EXPORT & LOGISTICS
Efficient export handling
and reliable logistics
across GCC & Africa.

FAST DELIVERY
Timely Delivery Across
GCC & Africa

OUR PRODUCT RANGE

1. POWER CABLES & BATTERY CABLES

- High Conductivity
- Flexible & Durable
- Industrial Grade Insulation
- Heat & Flame Retardant
- Long Service Life

Applications:
Industrial Plants, Utilities,
Infrastructure, Power Systems

2. CONTROL PANELS

- Custom Built Solutions
- PLC & HMI Integration
- Reliable Electrical Protection
- User-Friendly Operation
- Easy Maintenance

Applications:
Water Treatment, Automation,
Manufacturing, Utilities

3. MCCB & CIRCUIT BREAKERS

- High Breaking Capacity
- Overload & Short Circuit Protection
- Compact & Reliable Design
- Long Electrical Life
- Enhanced Safety

Applications:
Power Distribution, MCC Panels,
Switchboards, Industrial Facilities

4. CABLE TRAY SYSTEMS

- GI, SS & Powder Coated Options
- Corrosion Resistant
- Easy Installation
- Modular & Flexible Design
- High Load Capacity

Applications:
Industrial Plants, Buildings,
Data Centers, Infrastructure

5. ELECTRICAL ENCLOSURES

- Indoor & Outdoor Use
- IP Rated Protection
- Weather & Dust Resistant
- Robust & Durable
- Customizable Sizes

Applications:
Panels, Switchgear, Instrumentation,
Electrical Installations

6. CABLE GLANDS & LUGS

- Secure Cable Termination
- High Conductivity
- Corrosion Resistant
- Easy & Quick Installation
- Wide Range & Sizes

Applications:
Automation Panels, Control Systems,
Power Distribution

7. ELECTRICAL COMPONENTS

- Contactors, Relays & Timers
- Push Buttons & Selector Switches
- Indicators & Pilot Lights
- Terminal Blocks & Connectors
- Power Supplies & Accessories

Applications:
Automation Panels, Control Systems,
Process & Industrial Applications

8. INDUSTRIAL BELTS & POWER TRANSMISSION

- High Strength & Durability
- Wear & Heat Resistant
- Smooth Power Transmission
- Low Maintenance
- Long Operational Life

Applications:
Pumps, Blowers, Conveyors,
Compressors, Machinery

IDEAL FOR APPLICATIONS

Water & Wastewater Treatment

Food & Beverage Industries

Power & Utility Infrastructure

Infrastructure & Buildings

Oil & Gas Facilities

Mining & Minerals

Manufacturing Industries

Marine & Aquaculture

Chemical Processing Plants

Commercial Establishments

KEY BENEFITS

- ✓ Complete Electrical Supply Solutions
- ✓ Quality Assured & Reliable Products
- ✓ Competitive Pricing
- ✓ Fast Delivery & Availability
- ✓ Technical Support & Product Selection
- ✓ Reduced Procurement Lead Time
- ✓ Improved System Reliability
- ✓ Long Service Life & Safety Compliance
